

MANSHIP SCHOOL OF MASS COMMUNICATION
SUBJECT POOL REQUEST

Researcher:

Date:

Title of project (fewer than 30 words):

Number of subjects requested:

Anticipated time commitment from each subject:

Earliest possible start date:

Ideal date of completion:

Please indicate IRB approval number if approved (date of submission if submitted but awaiting approval, anticipated date of submission if not yet submitted):

Please replace the text that appears below the line with a brief one-paragraph description of your study, including explanation of the hypotheses to be tested, the equipment/software to be used (especially whether the study will be completed in the lab or via the web or in some other format), and what you hope to achieve with the study (e.g. pilot test for external grant application, data for publication, thesis/dissertation data, etc.). You may also use this space to indicate any unique or unusual features of your design that will help us better meet your needs (i.e. subject pre-testing requirements, a specific population of students, etc.).
